Technical Audit: Dashboard split

❖ Easier and quicker to maintain
❖ Less downtime for users
❖ Now updates daily
IATI website improvements - French website launched

Cet article a été rédigé par Kate Hughes, responsable de l'exécution technique auprès de l'équipe technique de l'IITA au sein de l'organisation Development Initiatives.

Voici la deuxième mise à jour trimestrielle de l'équipe technique de l'IITA. Basée au sein de l'organisation Development Initiative, cette équipe a pour mission de maintenir et d'améliorer les services techniques essentiels de l'Initiative qui soutiennent l'élaboration et l'utilisation de la norme de l'IITA.

Chaque trimestre, nous transmettons à notre communauté une mise à jour.
IATI website improvements: moving reference site

Reference
These reference materials provide detailed documentation on the core facets of the IATI Standard:

- Organisation Standard
- Activity Standard
- Namespaces & Extensions
- Codes
- Schema
- Rulesets
- Organisation identifiers
- Activity identifiers
- Activity status
- Date elements
- Contact information

IATI Standard
The IATI Standard is a set of rules and guidance about what data organisations should publish and what format it should be presented in. Find out more information on About the IATI Standard.

Access the IATI Standard
The IATI Standard is currently held on the older version of the IATI website and can
Deprecation of Version 1 - moving to 2

IMPORTANT REMINDER: #IATI Standard version 1 is being deprecated on 30 June.

Read info on how to transition to version 2 & what will happen to version 1 data after the deprecation date.
